## 2019 Rotary International Convention

Volume 1, No. 2

### A Convention Testimonial...

"An international convention is a great way to grow and build relationships around the world with your fellow Rotarians. Through keynote speakers and breakout sessions, host organized events, zone events and more - it provides an opportunity for everyone to get involved and learn how to better make a difference in our world. I'll never forget my first convention in Brazil - the people, the experience, the learning! I promise that you will not regret your time spent in Hamburg. So, if this is your first - or 25th convention, don't wait - sign up today!"

## **Visit Rathaus**

The historic city Hamburg, deemed as one of the major tourist destinations in Germany, has plenty of attractions for visitors. If you find the naval past and relics of the port city mesmerizing, there is much more in store. The architecture of several ancient citadels with impressive heritage is sure to attract your attention. One example is the Rathaus or town hall. This grandiose neo-Renaissance building is deemed as the city's symbolic heart. Built in the late 1890s, Rathaus was heavily damaged during World War II. However, much of that is not evident any longer, thanks to the excellent restoration work carried out later.
